

The Community of Saint Stephen's

is looking for partners in developing a Community Hub for the Old City

Friday 6th March: 10am-Midday

An opportunity for organisations/charities to discuss partnering with Saint Stephen's in developing a Community Hub for the Old City.

Background:

St Stephen's is an ancient church at the heart of the Old City. It aspires to be a community which gathers those connected to the Creative Arts, Business & Civic, a place for those with faith and those with none. We seek to 'reconnect faith through simplicity, creativity and engagement' and recognise the importance of the role of our cafe / cafe space and garden in offering this vision to the city. We are currently in a time of transition which, although challenging, provides opportunities to explore creative ideas as we move forward as a community.

Purpose:

Saint Stephen's PCC (governing body) would like to invite organisations / charities who may be interested in the space and opportunity that is offered in proposing ideas of partnership with Saint Stephen's for the PCC to consider. It would be hoped that we would receive proposals in advance of our next PCC meeting on March 19th.

When and Where:

Friday 6th March is an opportunity for you to come and see the space available, meet some of the key people at Saint Stephen's and ask questions. We will be meeting in Saint Stephens Cafe space.

You are not expecting to come for the whole time between 10am-Midday but at 10am and, repeated, at 11am there will be a short overview of the vision for the Community of Saint Stephen's presented.

Refreshments will be provided.

Response:

If you are planning to attend or you would like further information, please email info@saint-stephens.com
